

CONTROL YOUR DAIKIN

SMART DEVICE CONNECTIVITY

Through the use of the SkyFi adapter, our ducted system can be conveniently controlled and monitored from either within or outside of the home. The SkyFi app developed for both iOS (Apple) and Android platforms, allows you to control your ducted system via your smartphone or tablet device.

1 DIRECT CONNECTION

For locations without a Wi-Fi network, the app can wirelessly connect directly to a SkyFi equipped air conditioner, when in range.

2 WI-FI CONNECTION**

A SkyFi equipped air conditioner can easily be joined to a local Wi-Fi network. Once connected, the system can be controlled from any networked Android or iOS device.

3 INTERNET CONNECTION^

Monitor and control your system from virtually anywhere, with no subscription costs from Daikin. All you need is a permanent internet connection for your Wi-Fi network, and an internet connection for your phone or tablet.

Notes:

* Interface and installation charges may apply – refer Daikin dealer

** Requires Wi-Fi network

^ Requires Wi-Fi network and internet connection
Local network access charges may apply

NAV EASE CONTROLLER

(Included with Premium Inverter Ducted and Standard Inverter Ducted models)

SkyFi

Smartphone Interface optional accessory.

FEATURES

1. Clear, backlit display with easy-to-read text.
2. Weekly schedule timer, to program on and off times.
3. Home Leave function can turn your air conditioner on automatically when room temperatures drop below 10°C.
4. Quick Cool / Heat mode, which temporarily increases air conditioning power to more rapidly reach your desired operating temperature, before automatically returning to normal operation.
5. Set Temperature Mode Changeover, automatically switches from a cooling to heating cycle, or a heating to cooling cycle at pre-set points.
6. Temperature Limit, to predefine a temperature range for cooling or heating cycles, helping you reduce your energy consumption.

NAV EASE MODEL NO: BRC1E62

SKYFI ADAPTOR MODEL NO: BRP15A61

ZONE CONTROLLER

(Optional upgrade for Premium Inverter Ducted and Standard Inverter Ducted models)

SkyFi

Smartphone Interface optional accessory.

FEATURES

1. Backlit display with easy-to-read text.
2. Flexible installation for location anywhere in your home.
3. Three different timer and time clock operations for precise, programmable control for your home.
4. Countdown On-Off timer, programmable in 1 hour increments for up to 12 hours.
5. A simple 7-day Time Clock, to program the controller to turn the system on or off at set times any day of the week. Two different on and off programs can be set for each day of the week.
6. An advanced 7-day Time Clock extends the functionality of the Simple 7-day Time Clock with advanced features such as Zone Control and Temperature Sensor Selection, for the ultimate in-home comfort.
