**Zone Control**

**Smart home**  
 With Daikin Airbase your ducted system can now be part of the Google and Amazon home automation ecosystem alongside 3rd party supplied lights, garage doors, security systems etc.

By linking your Airbase account with Google Home or Amazon Alexa, the Daikin ducted system can be operated directly from their companion app or smart speaker.

"Hey Google, turn on the aircon"

Amazon Alexa Enabled  
Google Assistant Enabled

Google/Amazon Smart Speaker and Home Automation Ecosystem Purchased Separately

# Daikin Airbase

## Control at your fingertips

Daikin Airbase puts your ducted system's frequently used functions at your fingertip with an easy-to-use app.

In conjunction with Daikin's BRP15B61 wireless LAN adaptor, the Airbase app lets you use your smartphone or tablet\* to operate your air conditioning unit via your in-home Wi-Fi or remotely with an internet connection.

Up to 10 systems\*\* can be conveniently monitored and controlled on the app anywhere, anytime.

### Features

Filter clean reminder	✓	✓	✓
Push notification (on/off alerts)	✓	✓	✓
Automatic adaptor firmware update	✓	✓	✓
Setup Wizard in app	✓	✓	✓

## Three ways to connect

### 1. Direct connection

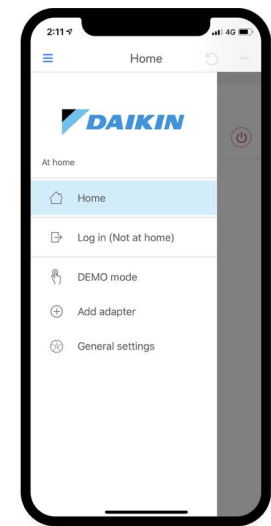

For locations without a Wi-Fi network, the app can wirelessly connect directly to a WLAN adaptor equipped air conditioner, when in range.

### 2. Wi-Fi connection

A WLAN adaptor equipped air conditioner can easily be joined to a local Wi-Fi network. Once connected, the system can be controlled from any networked Android or iOS device.

### 3. Internet connection

Monitor and control your system from virtually anywhere, adjusting temperature and setting for a comfortable environment ready for when you arrive home. With no subscription costs from Daikin, all you need is a permanent internet connection for your Wi-Fi network, and an internet connection for your phone or tablet.

\*Only compatible with Android (> 5.0) & iOS (> 8.0) devices and in portrait orientation only  
 \*\*Each ducted system requires a BRP15B61 adaptor & must be connected on the same Wi-Fi network
